Staff Vs. Student Volleyball

Braven the Raven made an appearance at our Staff Vs. Student Volleyball game where teachers and EAs beat the Co-Ed Team, the Boys and the Girls team! The gym was electric with students cheering for all!

Goooo #Ravens!

MESSAGE

From the Principal

Hello Raven Families!

Here we thought November was going to be a slow month! However, our Ravens were busy in the school and out of the school this month, and we are so proud of what has been going on.

We know that learning and education takes place in and out of the classroom, and we are so happy that our students continue to gain experiences outside the classroom. We had students attend a field trip for Metis Week where they celebrated Louis Riel, we had guest presentations from the RCMP about WITS, the start of our Yoga Club and a lot more going on for students to learn from.

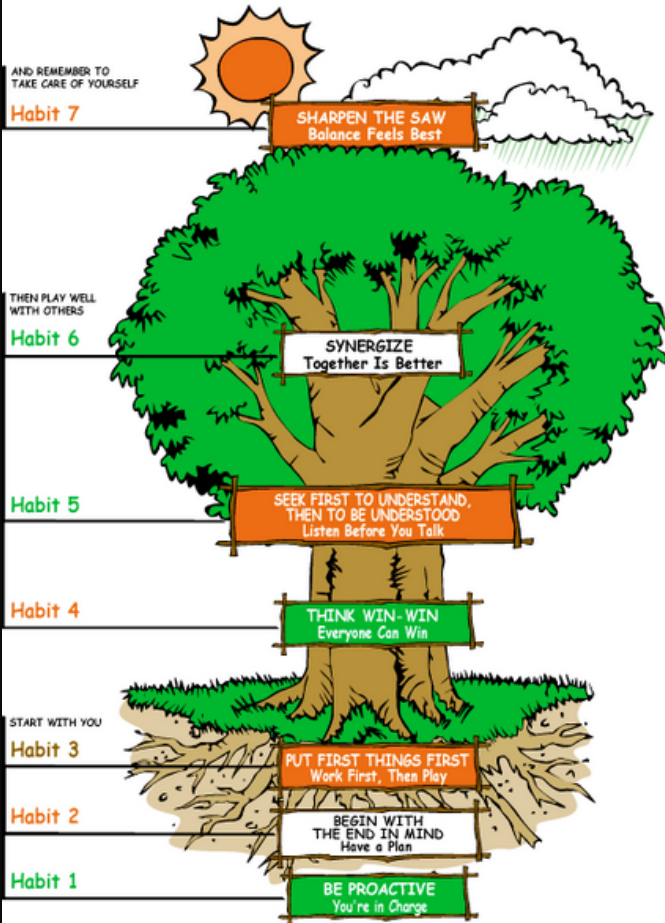

Our volleyball teams wrapped up their seasons, and saw a lot of success at the city championships with a gold medal for the boys and a silver medal for the girls. We are so proud, not only about their results, but also about the positive attitudes and sportsmanship that they all displayed in their competitions. We also proudly hosted the Boys Final tournament here at WGH!

Lastly, we cannot mention November without highlighting that we, as a school, took time to honour our veterans and the sacrifices they made for our country both in class and at our Remembrance Day Assembly.

There's a lot to look forward to this December from Holiday Concerts to a Family Movie Night, and we can't wait to welcome you all to the school to join us. Please don't forget to watch for information for our Food Bank Drive coming up in mid December as well.

Sincerely,
Mr. Thomas Andrews
Principal of Walter & Gladys Hill Public School

The 7 Habits

THE SEVEN GRANDFATHER TEACHINGS

"We want to take back our education and teach our history, our language and our culture. We have begun to tell our story – our history – and we want to tell it in our own words to the world, so that this will never happen to any of the other nations in the world."

- Shirley Williams, Residential School Survivor

HABIT THREE: PUT FIRST THINGS FIRST

"Putting first things first means organizing and executing around your most important priorities. It is living and being driven by the principles you value most, not by the agendas and forces surrounding you."

- Dr. Stephen R. Covey

Ask yourself: What one thing could you do (that you aren't doing now) that if you did on a regular basis would make a tremendous positive difference in your personal life? What one thing in your business or professional life would bring similar results?

BEAR - RESPECT
